OBJECTIVE

I am actively working to strengthen my knowledge and skills in Python for Machine Learning and expand my expertise in NLP and Neural Networks. My goal at the moment is to secure Junior job roles or Internships in the field and launch a successful career in Machine Learning. I am highly dedicated to staying up-to-date with the latest industry trends and advancements, and I am eager to gain hands-on experience working on practical projects.

EDUCATION

Bachelor's degree in Data Science
UNIVESP - Aug 2022 - 2026

- Python Programming;
- Statistics and Probability;
- Databases;
- Machine Learning;
- Natural Language Processing.

Bachelor's Degree in Human Resources Management
UNINTER - Apr 2018 - Dez 2020

EXPERIENCES

Compass UOL, Remote – Intern

Feb 2023 - July 2023

- Learn about AWS Cloud fundamentals, Machine Learning and Artificial Intelligence fundamentals.
- Apply the acquired knowledge in practical projects, simulating the day-to-day of a professional in the field.

FIS Brasil, Jundiaí – Call Center Telemarketer

Aug 2018 - Oct 2018

- Inbound Telemarketing;
- Customer support regarding credit/debit card inquiries and processes.

SKILLS

Soft Skills:

- Good Time and Schedule Management;
- Good Adaptability and Flexibility Skills;
- Creative and Analytical Thinking;

Hard Skills:

- Programming Languages: Python, Javascript, HTML/CSS;
- Data Science: Exploratory Data Analysis, Data Visualization;
- Machine Learning with a focus on Artificial Neural Networks and Natural Language Processing.
